He organized intedisciplinar and international Research groups and networks on the topics: Justice and juridical order; Penal law, state of emergency and international Terrorism; Human rights; Migrations, Circulation of Rights, Circulation of Law; Geographical Areas and Periodisations in the Legal History.

He took part to Research Networks PRIN [Programs of scientific Research of significant National Interest]) in 1999 (La cultura giuridica italiana del Novecento), 2001 (Il sistema penale italiano nel regime statutario), 2005 (Il processo penale e l'opinione pubblica in Italia. Pubblicità, garanzie e rilevanza

costituzionale della giustizia tra Otto e Novecento), 2007 (Il potere regolamentare e le circolari ministeriali nel sistema delle fonti. Profili storico-giuridici e comparativi tra Otto e Novecento), 2009 (La dimensione costituzionale della giustizia e i paradigmi del processo politico nello Stato liberale).

As foreign languages he speaks German, French, English, Spanish and understands Portuguese.

His scientific research work, for the medieval and modern time, focused on: the *arbitrium* in juridical systems during the *ius commune*; the systematic function of the statutes in medieval towns; the doctrinal elaboration of the criminal trial features.

For the contemporary age, his research work centred about: the doctrinal debate concerning the relationship between statute law and law interpretation; the systematic and constitutional features of jurisdiction, with particular reference to the supreme jurisdiction in a compared perspective (Italy, France, Germany); the relationship between legality and criminal jurisdiction; the juridical regimes and theoretical paradigms of the states of emergency in criminal law.

His current research themes: the features of jurisprudential law and autonomy of law; Dimensions of Justice and Ordering Factors in the Criminal Law; The emersion of a transnational criminal law between nineteenth and twentieth centuries; circulation of law and multiculturalism; Standards, paradigms, roots of legal protection in the juridical modernity.
